SEVENTEEN YEARS  
OF  
SUCCESSFUL WORK

This is the seventeenth year Lima Business College has been in successful operation in the city of Lima. It is now one of the largest private schools in the west. Many a young man points with pride to the fact that he is graduate of Lima Business College. Many a successful business man owes his success to the thorough business training he received there. Seventeen years of successful effort as a business college is no mean record. Seventeen years of steady growth, of a business doubled twice in that time means that it has merited what it has gained; that it has met the requirements of a modern business age; that it has turned out students who have successfully held the positions furnished to them; that it has established a record for honesty and square dealing; that it is recognized as one of Ohio's best institutions of learning. Bookkeeping or Short-hand course \$30.
